SAFETY & HEALTH FAIR REVIEW

The annual Health and Safety Fair, sponsored by your Chamber of Commerce, was held at the Castle Rock Senior Center on Saturday, March 28th. Twenty-five vendors were present to show the community some of the many things that can make their lives healthier and safer. Thirteen of the vendors were from the Castle Rock area. Free bike helmets were given to the children who attended with their parents. Any visitor to the fair could get a free blood/sugar test and blood pressure checks were also available. In addition to the fair there was a canned food drive for the Lion's Club Food Bank. We were happy to supply the Food Bank with a supply of canned goods as well as several cash donations. This is another way your Chamber of Commerce is working to promote the city and at the same time provide valuable information to the citizens of Castle Rock. ■
